)	CSP-23

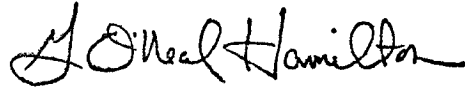

This matter comes before the Public Service Commission of South Carolina (“Commission”) on a request to revise Cogeneration and Small Power Producer Schedule CSP-23 filed by Carolina Power and Light d/b/a Progress Energy Carolinas, Inc. (“PEC”). Schedule CSP-23 reflects increases in the Energy and Capacity Credits that are paid to Qualifying Facilities (“QFs”), resulting from PEC’s avoided cost, and changes in its Seller Charges, which make it more economic for small QFs to participate in this rate schedule. Revised Schedule CSP-23 updates the series number on the Schedule to series 24 to avoid duplication with an approved North Carolina schedule. We grant the request. Revised Schedule CSP-23 is attached to this Order.
